Special Display of

Evening Dresses and Dancing Frocks

We make special display next week of Evening Dresses and Dancing Frocks. It is impossible to describe this showing in detail, as most of the dresses are one-of-a-kind styles. We can say, however, that every authentic style idea is faithfully represented. Materials are silk chiffon, marquisettes, nets, crepe de chenes, eolennes and a score of other handsome suitable evening materials. As to trimmings, we mention the prevalence of Persian effects and the quantity of hand embroidery that appears on many dresses. We want you to be sure and see this special showing. It is, of course, not entirely complete, for we are expecting daily higher priced models from foreign makers, but it is remarkably varied and absolutely the last word that has been said on evening wear. Prices range—\$25.00 to \$87.50.

\$50.00 EVENING DRESSES \$33.50

One Monday special, to add interest to next week's display of evening dresses. It is a special lot of beautiful chiffon, crepe de chene, net and Baby Irish dresses—in the newest modified hobble, overskirt and veiled effects. All colors are shown, while the trimmings are of unusual beauty. Evening Dresses in values up to \$50.00; Monday Special, \$33.50.

Special Display of EVENING WRAPS

Monday, we hold a special exhibit of the new styles in Evening Wraps. When you come Monday, don't fail to see this special wrap display.
